## **Pupil Premium Strategy Statement**

#### 2021 -2022

This statement details our school's use of pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

### **School overview**

<b>Detail</b>	Data
School name	Woodside School
Number of pupils in school	592
Proportion (%) of pupil premium eligible pupils	20.1%
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2021-2024
Date this statement was published	September 2021
Date on which it will be reviewed	September 2022
Statement authorised by	Claire Bennett
Pupil premium lead	Louise Jones
Governor / Trustee lead	Gill Jones and Karen Kempster

# **Funding overview**

<b>Detail</b>	Amount
Pupil premium funding allocation this academic year	£160,055
Recovery premium funding allocation this academic year	£17,980
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year  If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	£178,035

#### **Part A: Pupil Premium Strategy Plan**

#### **Statement of Intent**

At Woodside School, it is our responsibility to ensure that all children, irrespective of their background or challenges they face, achieve their potential and make good progress and achieve high attainment in all areas of the curriculum. We seek to meet the individual needs of every child. We target Pupil Premium funding to support the learning needs of vulnerable children and strive to narrow the attainment gap between children who are eligible for free school meals and those that are not. All children receive a varied and exciting curriculum which enables every child to achieve and reach their potential.

High-quality teaching is at the heart of our approach, with a focus on areas in which disadvantaged pupils require the most support. This is proven to have the greatest impact on closing the disadvantage attainment gap and at the same time will benefit the non-disadvantaged pupils in our school. Implicit in the intended outcomes detailed below, is the intention that non-disadvantaged pupils' attainment will be sustained and improved alongside progress for their disadvantaged peers.

In June 2019, EEF published a guide on the Pupil Premium. The EEF Guide to the Pupil Premium aims to support schools in spending their Pupil Premium to maximise the benefit for their students. The report recommends school take a tiered approach to Pupil Premium spending. Teaching should be the top priority, including professional development, training and support for early career teachers and recruitment and retention.

Targeted support for struggling pupils should also be a key component of an effective Pupil Premium strategy; as well as strategies that relate to non-academic factors, including improving attendance, behaviour and social and emotional support.

# Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Low attainment and slow progress made by pupil premium/disadvantaged children. The children have gaps in their knowledge and understanding and find it difficult to retain and recall information.
2	Pupils and their families have social and emotional needs/difficulties
3	Underdeveloped oral language skills/communication and vocabulary gaps
4	Narrowing the attainment gap in reading, writing and maths, specifically related to COVID 19
5	Social, emotional and behavioural problems effecting wellbeing, specially related to COVID 19
6	Pupils suffering from any form of crisis and/or are in need of pastoral care and counselling which can impact of a child's daily life in school

## **Intended Outcomes**

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Improved oral language skills and vocabulary amongst disadvantaged children	Assessments and observations indicate significantly improved oral language among disadvantaged pupils. This will be closely monitored by termly pupil progress meetings, monitoring, speaking with children, assessments from Talk Boost, interactions in lessons etc.
Pupil Premium children will progress at a level in-line or better than their non-Pupil Premium peers	Pupil Premium children will meet age-related expectations. This will be closely monitored by termly pupil progress meetings, data reports and monitoring
To accelerate the progress of Pupil Premium children	Assessments will show that all Pupil Premium children will make progress in all areas of the curriculum. This will be closely monitored by termly pupil progress meetings, data reports and monitoring
PPG Specific/Moderate Learning Difficulties children will attain in- line or better than their non-Pupil Premium peers	Assessments will show that all Pupil Premium children will make progress in all areas of the curriculum. This will be closely monitored by termly pupil progress meetings, data reports and monitoring
For all children to achieve and sustain improved wellbeing, particularly our disadvantaged children.	High levels of attendance in line/above Shropshire and national average. Attendance is monitored daily/weekly.
	Through termly pupil progress meetings, data, pupil voice, monitoring, wellbeing walks.

## **Activity in this Academic Year**

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

## **Teaching (for example, CPD, Recruitment and Retention**

Budgeted cost: £35,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
To ensure high quality support for pupil premium children. There is an additional TA in Reception, KS1, Year 3/4 and Year 5/6	Pupil Premium Guidance iPDF.pdf (educationendowmentfoundation.org.uk)  Good teaching is the most important lever schools have to improve outcomes for disadvantaged pupils. Using the Pupil Premium to improve teaching quality benefits all students and has a particularly positive effect on children eligible for the Pupil Premium.  Schools can also use a tiered approach to help focus on a small number of strategies that are likely to make the biggest difference. For	1-5

	example, a school with high Pupil Premium funding might select two to three priorities in each category, considering the support for successful implementation that needs to be in place and how their chosen approaches work together, rather than creating a longer list of strategies that will each receive less attention.	
Embedding dialogic activities across the school curriculum. These can support pupils to articulate key ideas, consolidate understanding and extend vocabulary.  We will purchase resources and fund ongoing teacher training and release time.  Training for Talk Boost for Reception	There is a strong evidence base that suggests oral language interventions, including dialogic activities such as high-quality classroom discussion, are inexpensive to implement with high impacts on reading:  Oral language interventions   Toolkit Strand   Education Endowment Foundation   EEF  Evidence from:  Literacy Trust  30 Million Word Gap project – James Hempstall  STOKE speaks out  Every Child a Talker  I CAN - Talk Boost  EEF - Improving Literacy in KS1 Develop pupils' speaking and listening skills and wider understanding of language -activities which extend pupils' spoken and receptive vocabulary EEF - Improving CLL in Early Years Prioritise the development of communication and language EEF Improving Literacy in KS2 activities that extend pupils' expressive and receptive vocabulary; collaborative learning activities where pupils can share their thought processes; pupils articulating their ideas verbally before they start writing.  Alex Quigley – Closing the vocabulary gap	1

	Oxford University Press – Closing the Word Gap	
Purchase of a <u>DfE validated Systematic</u> <u>Synthetic Phonics programme</u> to secure stronger phonics teaching for all pupils.	Phonics approaches have a strong evidence base that indicates a positive impact on the accuracy of word reading (though not necessarily comprehension), particularly for disadvantaged pupils:  Phonics   Toolkit Strand   Education Endowment Foundation   EEF	1, 2, 3, 4

# Targeted Academic Support (for example, tutoring, one-to-one support structured interventions

Budgeted cost: £18,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
Additional phonics sessions targeted at disadvantaged pupils who require further phonics support. This will be delivered in collaboration with our local English hub.	Phonics approaches have a strong evidence base indicating a positive impact on pupils, particularly from disadvantaged backgrounds. Targeted phonics interventions have been shown to be more effective when delivered as regular sessions over a period up to 12 weeks:  Phonics   Toolkit Strand   Education Endowment Foundation   EEF	1, 2, 3, 4
Targeted support intervention to raise the attainment of spoken	Evidence from:	1

language and vocabulary in Reception and KS1.  Targeted reading support in KS2	<ul> <li>Literacy Trust</li> <li>30 Million Word Gap project – James Hempstall</li> <li>STOKE speaks out</li> <li>Every Child a Talker</li> <li>I CAN - Talk Boost</li> <li>EEF - Improving Literacy in KS1 Develop pupils' speaking and listening skills and wider understanding of language - activities which extend pupils' spoken and receptive vocabulary EEF - Improving CLL in Early Years Prioritise the development of communication and language EEF Improving Literacy in KS2 activities that extend pupils' expressive and receptive vocabulary; collaborative learning activities where pupils can share their thought processes; pupils articulating their ideas verbally before they start writing.</li> <li>Alex Quigley – Closing the vocabulary gap</li> </ul>	
	Oxford University Press – Closing the Word Gap	
To provide musical opportunities.	Enrichment approaches	5
	Due to financial constraints, many children may not have	
	the opportunity to learn how to play a musical instrument.	
	Supporting parents financially enables all children to have	
	the opportunity to widen their experiences and meet their aspirations.	

	Playing a musical instrument can also develop their coordination and motor skills.  Sutton Trust – Education Endowment Foundation (EEF)  Research states - 'the impact of arts participation on academic learning appears to be positiveImproved outcomes have been identified in English, mathematics and science learning.'  To support the Government's ambitious plan for all children to have access to an excellent music education, the Department for Education has today (26 March)	
Targeted maths support for more able maths group from across the 3 Year 5 classes focusing primarily on problem solving and application of number	The EEF suggests to use structured interventions to provide additional support in maths	

# Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £125,780

Activity	Evidence that supports this approach	Challenge number(s) addressed
Whole staff training on behaviour management and anti-bullying approaches with the aim of developing our school ethos and improving behaviour across school.	Both targeted interventions and universal approaches can have positive overall effects:  Behaviour interventions   EEF (educationendowmentfoundation.org.uk)	5
To provide breakfast to ensure that children start the day with sufficient food	The Education Endowment Foundation (EEF) tested the impact of Magic Breakfast clubs on pupil attainment. It found that running a breakfast club before school delivered an average of 2 months' additional progress for pupils. It also improved behaviour.  EEF - Breakfast clubs that offer pupils in primary schools a free and nutritious meal before school can boost their reading, writing and maths  Some of our children/families require support to provide for	1, 2, 5, 6
	their basic needs.	
To ensure that children look and feel part of Woodside School.	Wearing a uniform is not, on its own, likely to improve learning, but can be successfully incorporated into a broader school	5, 6

	improvement process which includes the development of a school ethos and the improvement of behaviour and discipline.  As a school, we support all families that may not be able to afford uniform.	
To ensure that children take part and attend school trips to enhance their learning	Trips are integral to pupils' learning experiences in order for learning to be 'brought to life' and to enable them unique learning opportunities.	6
	EEF - There is a wider evidence base indicating that outdoor adventure learning may have positive impacts on other outcomes such as self-efficacy, motivation and teamwork. Outdoor adventure learning may play an important part of the wider school experience, regardless of any impact on academic outcomes.	
Send and Inclusion Team  Social Inclusion Manager and Early Intervention and Inclusion Manager support families.	<ul> <li>EEF - Parental engagement refers to teachers and schools involving parents in supporting their children's academic learning. It includes:</li> <li>approaches and programmes which aim to develop parental skills such as literacy or IT skills;</li> </ul>	1-6
Our SENCO supports staff and children/families to ensure that all children can access learning and can make progress and achieve	<ul> <li>general approaches which encourage parents to support their children with, for example reading or homework;</li> <li>the involvement of parents in their children's learning activities; and</li> </ul>	
Learning mentors to support key children to enable them to access their learning. Key interventions used to support individuals/groups of children	<ul> <li>more intensive programmes for families in crisis.</li> <li>The average impact of the Parental engagement approaches is about an additional four months' progress over the course of a year. There are also higher impacts for pupils with low prior attainment.</li> </ul>	

	T	1
	The Government released guidance: Improving school attendance: support for schools and local authorities on the 07.12.21. It suggests that all schools should;	
	Liaise with other agencies working with pupils and their families to support attendance, for example, where a young person has a social worker or is otherwise vulnerable.	
Attendance Manager supports parent/carers	The Government released guidance: Improving school attendance: support for schools and local authorities on the 07.12.21. It suggests that all schools should;	1-6
	1. Build respectful relationships with staff, pupils, families and other stakeholders in order to secure their trust and engagement. Make sure there is a welcoming and positive culture across the school.	
	2. Communicate openly and honestly with staff, pupils and families about their expectations of school life and performance so that they understand what to expect and what is expected of them.	
	3. Liaise with other agencies working with pupils and their families to support attendance, for example, where a young person has a social worker or is otherwise vulnerable.	
	We employ an Attendance Manager who builds relationships with families and works closely with our Social Inclusion Manager and Early Intervention and Inclusion Manager to support families	

Contingency fund for acute issues.	Based on our experiences and those of similar schools to ours, we have identified a need to set a small amount of funding aside to respond quickly to needs that have not yet been identified.	1-6
	identified.	

**Total budgeted cost: £178,780** 

## Part B: Review of outcomes in the previous academic year

### **Pupil Premium Strategy Outcomes 2020 - 2021**

This details the impact that our pupil premium activity had on pupils in the 2020 to 2021 academic year.

To see a full review of our Pupil premium 2020/2021 please visit our website.

Our internal assessments suggest that the outcomes we aimed to achieve in our previous strategy by the end of 2020/21 were therefore not fully realised. Our assessment of the reasons for these outcomes points primarily to Covid-19 impact, which disrupted all our subject areas to varying degrees. As evidenced in schools across the country, school closure was most detrimental to our disadvantaged pupils, and they were not able to benefit from our pupil premium funded improvements to teaching and targeted interventions to

the degree we had intended. The impact was mitigated by our resolution to maintain a high quality curriculum, including during periods of partial closure, which was aided by use of online resources such as those provided by Oak National Academy. Our assessments and observations indicated that pupil behaviour, wellbeing and mental health were significantly impacted last year, primarily due to COVID-19-related issues. The impact was particularly acute for disadvantaged pupils. We used pupil premium funding to provide well-being support for all pupils, and targeted interventions where required. We are building on that approach with the activities detailed in this plan.

The provision of the additional Pupil Premium TA employed across all year groups has enabled more quality first teaching and high impact interventions across the school. Interventions in reading, writing, spelling, GPS and maths has addressed some key learning barriers.

The provision of the pastoral and social inclusion workers and SENCO Manager, has supported children and their families.

During lockdown we supported families with remote learning and supplying laptops to support children to engage in their remote learning.

FFT assessment tools are used by class teachers to measure attainment and progress at termly intervals through the year

All teachers are responsible for tracking the progress of all vulnerable groups, including Pupil Premium, SEND and EAL. This information is then collated and monitored by SLT.

Pupil Progress meetings are held between class teachers and SLT to monitor impact and identify any concerns to be addressed. Attendance data is collected and monitored by the Attendance Officer/ Family Liaison Officers and SLT

When selecting pupils for intervention groups and support, this will not be limited to children who are in receipt of Pupil Premium funding, but will include other pupils who have similar needs, and who we believe will benefit from the support / intervention. Pupil Premium funding and its impact is a regular agenda item for the School Trustee meetings.
